ISO ETHANOL YEARBOOK 2011

For the first time available as a stand-alone publication, this new hardcover book will offer over 80 pages of comprehensive worldwide statistics on fuel ethanol from sugar and non-sugar crops for the past 8 years. The ISO Ethanol Yearbook 2011 will include data on world production, consumption and trade as well as individual national balances with data series on production, import, export, consumption, stocks and prices for key countries. Detailed statistics will also contain historical data on the share of sugar cane/beet allocation to ethanol, ethanol content by tonne of cane, types of fuel ethanol produced, sugar cane/beet pricing, ethanol/gasoline blending ratio, ethanol export revenues, ethanol vs. sugar realization as well as alternative ethanol feedstock statistics for leading fuel ethanol producers.

Available from MAY 2011
